Dear Mr Gupta,

I am writing to confirm that I have reviewed your application to use the 'Kragbuzz' logo as a manufacturer's logo and I am prepared to grant the use of such logo on cricket clothing worn in international cricket effective immediately. This approval excludes the display of such Logo on cricket equipment as Kragbuzz is not a cricket equipment manufacturer.

Approval is granted on the understanding that the logo meets with the number, sizing and placement of the logo as defined in our regulations.

A copy of the current clothing and equipment regulations is attached.

Please be aware that for the logo we have approved to maintain its approved manufacturer status it must not be confusingly similar or suggest a connection with an entity that is not a Manufacturer. This is set out in the definition of Manufacturer's Logo in section B19(a) of our Clothing and Equipment regulations. As such, if any of your other business areas were to subsequently grow in brand awareness leading to this connection outside of cricket clothing, it may mean that the approved status would have to be withdrawn. Furthermore, if we are not satisfied at any time that the Kragbuzz brand is a Manufacturer as defined in our regulations, or that non-compliant Kragbuzz logos are being displayed on clothing used in international cricket, then we reserve the right to withdraw our approval. Logo compliance is your responsibility.

Also note that your status as an approved manufacturer does not grant you any rights of association with any ICC events or rights to use any content relating to ICC events.

Please acknowledge receipt of this letter and acceptance of the contents.

Yours sincerely
